This is the 2<sup>nd</sup> Victorian Parking Steering Group Workshop to be held. Last year the inaugural Workshop was held in Geelong in September. The workshop was successful and attracted 35 Victorian Councils and 80 Delegates. Your attendance at this Workshop will ensure the work commenced last year will continue to grow and develop. The VPSG needs a voice to ensure our needs and interests are considered when decisions, regarding our parking industry are made. Working together we will ensure we make a difference.
